To Whom it May Concern:

I am writing to request a petition for reconsideration by the Bureau or a review by the full Commission. On Nov 7, 2016, I attempted to file a Request for Waiver from the ECFS filing site to which I attached documents regarding a particular FRN. The filing confirmation number I received for this was: 20161107158966906. The next day, Nov 8, 2016 and after a brief phone call with a representative from the FCC, I filed another case which detailed more information. The filing confirmation number for this one was: 20161108026708608. Today I received notice that our filing was denied as stated within DA NO. 16-1320. I would like the chance to further clarify my request.

I have attached PDF files of 471 Application: 1004381 as well as the associated 486 Notification Letter. I was attempting to file an Invoice Extension for ERate FRN: 2729140 that stemmed from within 471 Application: 1004381. I understand that I am/was past the deadline of 10-28-16. If the considering members of this request have access to our districts 472 forms that are started but not completed, one would notice two forms. One dated 10/24/2014 12:54:45 PM and the other dated 10/24/2014 12:50:06 PM. To explain, these were two blank forms that I had started for the FY15 invoice. I soon realized that I was a year too early and was to file for FY14 at that time. Erate was still new to me at the time and this was my first time filing the 472 without being coached by a colleague. When it came time to file for FY15's 472, I noticed that I had received two extensions for other FRNs. One of the FRNs that was extended was from the same SPIN as from FRN: 27291740. It was only after the date of 10/24/16 when I realized that FRN: 2729170 had not been extended.

With the introduction of EPC, I feel that I have essentially started learning the process of Erate again. However, I welcome change and see that EPC is for the better. I am requesting that the considering members please grant an extension on this FRN so that I can submit the form 472 for invoicing.

Thank you for your consideration,

Chris Bland
